About us

We're so excited to share with you some of the AMAZING changes here at iJam Music.

Like you, we're passionate about music and music education... creating it, making it, collaborating about it, and sharing it.

Our Vision is to provide music educators, parents, and caregivers exceptional music educational tools, instruments, and support materials.

We're currently undergoing a major transformation, and our catalogue is just the start. This term we will launch our fantastic new website, and some incredible tools to help you and your students learn music...

We'd love to hear from you, so don't hesitate to reach out to us at admin@ijammusic.com.au and share your thoughts.

Student Book Two

Black Belt Ukulele Student Book Two, Audio App and Belts

In full colour with an audio app and a further 3 belts. Begins with revision from book 1, introduces new chords (G7, G and D7) as well as further chord changes (C-F-G7; C-Am-F-G7; G-D7; G-C-D7). There are more strumming patterns and the introduction of scales (including the blues scale) to help further build skills in finger picking melodies and improvisation with 'TIMR' fingers. It also further explores world music in different languages as well as blues, jazz and gospel styles and a journey into 'TAB'.

Music theory elements and solfa and handsigns are introduced as applicable, as well as the usual incorporation of group work, composition and 'Orff arrangements' including singing, actions, body percussion, movement, percussion instruments, drumming, recorder and Boomwhackers to enable ensemble work to take place with ease.

A perfect fit for ages 7-12+.

Fun Music Company makes music games and other teaching resources for music on CD ROM. They have a fun emphasis and are created and reviewed by experienced music educators.

Primary Percussion

This CD Rom and audio CD set has three sections:

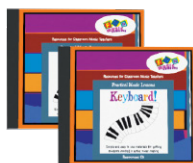

Ten Rhythm Grooves - These are easy and fun rhythm pieces which students can learn by ear. Based on 'word patterns' these are easy to learn without knowledge of music notation.

Ten Rhythm Scores - These are simple percussion parts for familiar classical music. Students will learn to play in time and recognise basic rhythmic notation concepts.

Four Full Arrangements - Performing music together is always lots of fun, and these little arrangements are a great and simple way to involve all students in an ensemble.

TINTNOTES.com

TintnotesTM focus purely on the 9 notes included in the keys of C, G and F. These are the keys studied by beginners and primary aged children. For example: School xylophones play in these keys as extra F# and Bb keys are included with the instrument. Focusing on these 9 notes and having the colours easily differentiated gives the learner the chance to easily tell the difference between each note for the first time. These colours are close enough to use with Boomwhackers® and other matching instruments, and still have the advantage that children see clearly the difference between these important 9 notes.
